Why choose Online Solutions? For the...

- **Savings** – no service charges and no postage save you money.
- **Peace of Mind** – policy documents, statements and payments are processed quickly and securely – no late or lost mail.
- **Convenience** – eliminate the hassle of filing papers, writing checks or running to the post office.
- **Freedom** – to view your policy documents when you choose or select the payment plan that works for you.
- **“Green” Option** – no paper, checks or envelopes means less waste.

E-policy is the option to view your policy electronically. Instead of receiving a paper copy of your new, renewal or endorsement policy, you'll receive an e-mail notification when your policy is available online. Simply log in to myCentral® to access your policy for viewing. The site will store two years of policy information online but you can download and save your policy to your computer at any time. E-policy also provides the added benefit of electronic search. Find what you are looking for without searching the whole policy manually!

Online viewing is available for the forms which apply to policy declarations and endorsements created after **July 9, 2009**. To view forms for declarations or endorsements created prior to this date please refer to your paper copy.

E-billing eliminates paper bills and instead sends an e-mail notification indicating when a current bill is available on our website. This e-mail will contain a link to our secure myCentral® website where, after logging in, you can view your current bill.

EFT is the easy, fast and timely way to pay your premium. EFT payments are automatically withdrawn from your checking or savings account on the due date of your choice. There are several

payment plans available, all with **no service fees**.*

* Reinstatement and non-sufficient funds fees may apply.

How much can you save with EFT?

Pay Plans	Your Annual Service Charge Savings*
